AND HERE IS HOW YOU DO IT

1. **BY MAIL.** Pick out the items you wish and jot them down on the handy order blank in the middle of this catalog. Enclose your remittance (check or money order if possible) and the mailman will bring your order direct to your door.
2. **BY PHONE.** Call our nursery at KEystone 5-2939. We will be more than happy to help you in your selections and deliver them direct to your door.

3. **BY PERSONAL VISIT.** We can give you the best service by having you visit our nursery at E. 2929 27th Ave., where you may pick out your stock personally and either take it with you or make arrangements to have it delivered.

Regardless of which way you order from us, you can rest assured that you will receive the finest nursery stock that is grown and prices that are consistent with good quality. If you are a new customer, a trial order will convince you.

HOW WE DO BUSINESS

**PLEASE READ BEFORE
ORDERING**

GUARANTEE — We guarantee our stock to be true to name and to grow if proper care is given. If any stock purchased fails to start growing after being properly planted and cared for, we will replace free of charge. This free replacement policy does not include any transportation charges and must be borne by the customer. Any claims for adjustments must be made with us on or before July 1st on purchases made the preceding fall or spring. When making claims, it is necessary that you either send us the order number if you received it by mail or present your sales slip if purchased direct at our nursery. In no event will we be liable for more than the original purchase price. All replacements made during next planting season.

DELIVERY — No charge for local delivery in City of Spokane or Spokane Valley on orders for \$5.00 or more. We are always glad to take your order by phone or mail and make delivery on day you specify.

SPECIAL OFFERS AND SUBSTITUTIONS — In all special offers listed in this catalog, we reserve the right to substitute with varieties of equal or greater value when necessary. All "3 for" prices in this catalog apply only on orders to be shipped at one time to one address. Please note the special space provided on the order blank for substitutions. If you check "no", we will not substitute unless it is a special offer. If you check "yes", we will, if necessary, substitute to the best of our ability and you can be assured that you will have equal value for any money sent to us and in most cases more. If you do not check either "yes" or "no", we will use our own judgment at time of shipment with the understanding that you have given us your order in that manner.

SHIPMENT and PRICES — All of the stock listed in this catalog is for availability during the year of 1960 and the prices quoted are subject to change at any time without notice. On all orders that permit us to ship through the mails, we prepay the postage. On orders for stock that are too large for mailing regulations, we send via express or Auto Freight at purchaser's expense.

Everyone's Favorites

PATENTED Hybrid TEA and

RED FAVORITES

CHARLES MALLERIN. Dark crimson velvet. One of our finest dark red roses. Very velvety and has outstanding substance. One of our favorites. Pat. 933. \$2.50 each.

CHRYSLER IMPERIAL. Our largest selling red rose.

Vivid, rich tones of crimson are enhanced by darker overtones of glowing oxblood red, and the gem-like luster of garnet in the folds retains its sparkling beauty. Long tapering buds unfold even in adverse weather, opening to large, high centered flowers measuring 4½ to 5 inches with 40 to 50 petals. Sweetly scented flowers of true rose fragrance make Chrysler Imperial an ideal exhibition rose. Pat. 1176. \$2.50 each.

NEW!!!

NEW!!!

EL CAPITAN. The new "Spanish Red" Grandiflora introduced by Armstrong's this year. El Capitan, with a vigorous growth and profuse blooming habit could be the rose to give you more cutting than any other rose in your garden. The beautiful buds and long-lasting blooms are that radiant, cherry-red one sees flashing through fiestas in Old Spain! This robust plant is exceptionally easy to grow, and exuberantly bears a profusion of amazingly colorfast flowers week after week, month after month. Illustrated on the back cover. Pat. 1796. \$3.00 each; 3 for \$7.95.

GOVERNOR ROSELLINI. Republican or Democrat, this fragrant red Grandiflora has done exceptionally well at our own rose garden, Rose Hill at Manito Park here in Spokane. Very good for cutting. P.A.F. \$3.00 each; 3 for \$7.95.

KARL HERBST. Often called the "Red Peace." A very large ovoid type bud that opens into a 50 to 60 petal bloom of real dark red. Gaining in popularity as a true-type exhibition rose. \$2.25 each.

LIVING. Vibrant, exciting colors. The opening bud is deep, rich, blazing orange-red, turning to exotic orange with the underside of the petals glowing copper, streaked with red. The magnificent, stately flowers come generously one to a long, straight stem and are mildly fragrant. Very vigorous and tall growing bush to 4 ft. Pat. 1463. \$2.50 each.

WHITE FAVORITES

WHITE KNIGHT. Only white hybrid tea to win All-America honors. A magnificent, pure white, satiny beauty with blooms up to 5 inches across that do not "ball" or fade. Free blooming with gracefully out-curling flowers on long stems. Pat. 1359. \$3.00 each.

WHITE QUEEN. Together with Ivory Fashion and Kordes Perfecta, this is the white rose that appeared in a special flower article in Life magazine. Large, long-pointed buds open to large, cupped, flat double, white flowers that come singly or several on one stem. The moderate fragrant flowers have exceptional lasting qualities. Very thorny stems produce leathery disease-resistant foliage. Pat. 1762. \$3.00 each; 3 for \$7.95.

WHITE WINGS. Somebody once said that simplicity is perfection in art. In White Wings, a single white, we have that simplicity. Lots of people call this the "White Dainty Bess." A most unusual rose for flower arrangements. Pat. 850. \$2.00 ea.

Grandiflora Roses

RED FAVORITES

NEW YORKER. Called by the originator as "The Best Red Rose of All Time." While we don't exactly agree with him, people tell us that this is the epitome of red roses. Buds of perfect form and texture open slowly to tremendous, fragrant, sparkling red flowers that often measure 6½ inches across. Noted for its non-fading habit. Height about 2½ ft. Pat. 823. \$2.50 each.

OREGON CENTENNIAL. Named in honor of the 100th anniversary of Oregon's Statehood and introduced by Peterson & Dering of Scappoose, Oregon. The plant is tall and full, luxuriously clad in its large deep-green foliage. The 30 crisp petals of the large flower develop gracefully; becoming lightly cupped at maturity. The color is an excellent deep rose-red, which seems to glow with an inner luminescence. Fragrance is strong and sweet. Good continuity of bloom, and quick cleaning of the senescent flowers should make Oregon Centennial one of our better new red roses. PAF. \$3.00 each.

NEW!!!

NEW!!!

ROYAL VELVET. This new dark red rose could easily be one of the leading exhibition roses. The petals are a dark velvety red and have very good texture. The bloom is very double and high-centered and will not blue in the hottest weather. While the buds look like the buds on the old Diamond Jubilee—somewhat blunted as if they had been in a head-on collision—they do open to a beautiful perfect formed flower. Together with Pink Duchess, Royal Velvet can be a winner at any rose show. P.A.F. \$3.50 each; 3 for \$9.30.

STARFIRE. Starfire is in every way the Rose-lover's rose. Its unusual currant-red color is sun-fast, will never fade. Its brilliant urn-shaped buds open into distinctive, perfectly contoured flowers. Starfire blossoms abundantly against a background of bronzy green foliage. Flowers occur singly on long cutting stems . . . or in clusters. Stems from 6 to 12 inches long make it ideally suited for cut-flower use. Beautiful and long lasting, Starfire is one of the two new All-America Winners for 1959. PAF. \$3.50 each.

??? WANT TO SAVE 10% ON YOUR ROSE ORDER ???

In making up our catalog every year, it is impossible for us to list special offers that would include varieties to please everybody. Why not make up your own selection of varieties and save yourself 10%? Here is what you do—select any five (5) or more varieties of roses listed in this catalog, add up the total cost of your list of these varieties and then deduct the sum of 10% from your total. The varieties selected can be hybrid teas, grandifloras, climbers or floribundas. Here is your chance to save 10% on your rose order this year and still have just the combination of varieties that you want.

TWO-TONE FAVORITES

ANGEL WINGS. A heavenly new exhibition rose that we think has one of the most catchy names of all roses. The long golden buds open to a large perfectly formed creamy white flower tinged pink. These flowers age gracefully; the pink deepening and suffusing through the petals. The growth of the bush is extremely upright with vibrant green foliage. We have watched this rose for several years now and if grown right, it could be one of our leading exhibition roses. In Rose Hill, Angel Wings and Kordes Perfecta have been planted right next to each other. In some of our visits to the garden, it has been hard for us to distinguish much difference in the two roses. We do like both of these varieties very much and suggest that both of them be in your garden this year. P.A.F. \$3.00 each.

AZTEC. Here is a scarlet-orange so brilliant that it fairly sizzles! . . . deeper, richer and more scarlet than any you have ever seen! A spectacular new color that makes Aztec a repeat sell-out again this year. The blooms are borne freely on a vigorous, well foliated plant that is more spreading than upright. We have noticed that the color of Aztec is somewhat similar to Montezuma and Spartan, described elsewhere in this catalog and when this rose is in bloom, it really sells itself. Pat. 1648. \$2.75 each.

NEW!!!

NEW!!!

COVER GIRL. New rose for 1960 being introduced by Peterson & Dering. Long pointed buds and high-centered blooms of gold and copper. Very glossy foliage on an upright growing plant. P.A.F. \$3.50 each; 3 for \$9.30.

FANTAN. Another new rose in an odd color—this somewhat of a burnt-orange or nearly brown. Medium pointed, ovoid bud that bursts into a high-centered full bloom. This is strictly a novelty rose. P.A.F. \$3.00 each; 3 for \$7.95.

 **FRED EDMUNDS.** Beautifully shaped orange colored buds open to apricot orange flowers. Green glossy foliage. 2½ ft. Pat. 731. \$2.00 each.

 **FORTY-NINER.** One of the most richly brilliant of all bi-color roses and certainly one of the most attractive. It is a clear vivid red with pure straw yellow on the reverse of the petals. Grand, vigorous plants with a satisfying amount of bloom. Pat. 792. \$2.25 each.

GAIL BORDEN. A large, glamorous rose with a warm combination of pastel pink and apricot tints. Buds of soft yellow outside and lovely glowing apricot on the inside, opens gradually to an immense flower of warm pink. The 6-inch flower is entirely different from any other rose . . . the snap and warmth of the color combinations exudes an over-all feeling of friendliness. Tall growing and luxuriant foliage. Pat. 1618. \$3.00 each.

KORDES PERFECTA. In all of our years in writing about and selling roses, we do not know of any other new variety for which we have gone so completely overboard. Kordes Perfecta is destined to be the crowning achievement of all roses and we will bar none. The most intriguing color combination you have ever seen. It's white . . . it's pink . . . it's yellow! In fact, it's completely different from any other rose in existence. Basically cream-white, this magnificent new hybrid tea is lined with pink as if the edges of its petals were dipped in carmine. This deep, rich red color spreads throughout the flower as the bud opens, revealing a suffusion of yellow. All season long, this vigorous 3 to 4 ft. plant will give you an unusually large number of superb, long lasting exhibition blooms . . . a full 5 inches across. Pat. 1604. \$3.50 each. Illustrated on back cover.

MONTEZUMA. A new Grandiflora rose of last year. This rose is a remarkably brilliant orange-scarlet colored rose. Long tapering buds open to high-centered flowers of sheer rose perfection in form. Tall growing plant of free branching habit with plenty of large handsome foliage. We like the color appeal and its ability to grow easily. Pat. 1383. \$2.75 each.

 **GARDEN PARTY.** Rosedom's newest champion and a rose blueblood, too—with Charlotte Armstrong and Peace, the two finest roses of this century for parents! Beautiful long buds, a heritage from Charlotte Armstrong, open to giant, Peace-like, pastel-hued beauties of pale ivory subtly brushed with pink at the edge of each wide flaring petal. And these models of rose loveliness—long-stemmed and long-lasting—are borne profusely on a handsome plant, big, vigorous, and easy to grow. Garden Party is the only hybrid tea rose to win All-America Honors for 1960. Illustrated on the front cover. Pat. 1814. \$3.50 each; 3 for \$9.30.

HIGH TIME. A new wonderfully fragrant hybrid tea that reminds us of a glorified Saturnia. The long urnshaped buds and high centered blooms of flame to claret-rose with gold on the reverse of the petals are borne on a tall well proportioned plant. The foliage is luxurious and glossy. Illustrated on back cover. Pat. 1809. \$3.00 each; 3 for \$7.95.

LOVE SONG. If you have liked the Peace rose, then this is for you. Love Song is an exciting big rose of rich salmon pink with a yellow reverse—one of our finest bi-colors. Large blooms of 5-6 inches have 35 to 55 petals. The unopened buds are big and fat and develop into urn-shape. At this stage, the coloring is a delicious blend of smooth yellow and deep coppery salmon-pink. The colors become more intense as the bloom unfolds. As with its parent, Peace, the full blooms are a glory. The plant also closely resembles that of Peace: well balanced, upright, sturdy and strong, with dense, heavy, deep green, glossy foliage and straight, heavy stems, with never a weak neck among them. The blooms last well and are sweetly fragrant. Pat. 1360. \$2.50 each.

 **MOJAVE.** All-American Winner for 1954. Mojave takes its name from the famous California desert, and the name fits it perfectly because its rich coloring is typical of a desert sunset—glowing orange shot with flame-like tones of scarlet and vermilion. Big, beautiful tapering buds which open to big, pleasantly fragrant, richly colored flowers. Medium height with good glossy foliage. Mojave is one variety that will shine in your garden. Pat. 1176. \$2.75 each.

STERLING SILVER. Looks like the hybridizers will fool around with the lavender color until they have the "true-blue" rose. While we don't care for lavender in a rose, it might appeal to you. Sterling Silver is probably the best of all hybrid tea roses in this color range. A cool feeling of rich sterling silver that is exactly like the colored illustration on the back cover of this catalog. Pat. 1433. \$3.00 each; 3 for \$7.95.

NEW!!!

NEW!!!

TANYA. Here is another new color in roses—a glowing, true deep orange. It seems that all of our new roses this year and for the past several years are in the unusual colors of orange or what we commonly call bi-colors which perhaps indicates a trend of what people prefer. Tanya is a seedling of Peace as are most of the new roses listed in this catalog and there will be many more seedlings of Peace in the years to come. The radiant blooms of Tanya are breathtaking in size with graceful petals and the classic high-center. Excellent foliage. Our supply of this new rose is somewhat limited, so please order early. Pat. 1712. \$3.00 each; 3 for \$7.95.

PINK FAVORITES

FIRST LOVE. This is sure to be the "First Love" in your garden if you enjoy sensational buds — and who doesn't. Urn-shaped, long and slender dawn pink buds that simply steal your heart. The open flowers are lovely, too, with each delicate pink petal gracefully pointed. We wish we had room in this catalog to show you an illustrated cut. 3 ft. Pat. 921. \$2.25 each.

 **HELEN TRAUBEL.** One of the great All-America Winners. We have noted a great variance of color in this rose in different parts of the country. Here in the Inland Empire, the color is a sparkling pink with just a touch of apricot at the base. Very strong grower with good continuity of bloom. Pat. 1028. \$2.75 each.

PINK FAVORITE. Perhaps the outstanding rose to ever be introduced by a Northwest grower — Peterson & Dering of Scappoose, Oregon. Dark pink at base of the petals growing to a lighter pink at the tips. Very long buds with an abundance of glossy green foliage that has its own distinction. A winner at numerous rose shows for the past several years. Pat. 1523. \$2.50 each.

NEW!!!

NEW!!!

PINK DUCHESS. Claimed to be one of the most widely acclaimed pink in years, Pink Duchess is another descendant of Peace. The flowers are perfectly formed, fragrant and huge — up to a full 6 inches across. Its regal color makes it seem almost luminescent as it gracefully unfolds its lovely blooms. While we list it as pink, it does have some gold or light cream at the base. Together with Royal Velvet listed elsewhere in this catalog, we might predict that one of these two roses will be judged as the best in the 1960 Spokane Rose Show. Illustrated on back cover. Pat. 1834. \$3.00 each; 3 for \$7.75.

PINK PEACE. Sooner or later, someone had to take Peace, all-time Queen of Roses, and through long, patient development produce another miracle-rose — a gorgeous, deep pink! Yes, Pink Peace is a new masterpiece! Its shapely buds open to huge shimmering pink, highly fragrant blossoms with 60-65 giant petals. Its stems are long and straight . . . the plant itself full, upright and bushy. Pink Peace is so vigorous and free blooming, you'll cut beautiful long lasting bouquets all season long, year after year. This writer will long remember a bouquet of this variety presented to his wife and himself in Portland. I do not know of any rose that has struck me with so much beauty. P.A.F. \$3.00 each.

 **TIFFANY.** Somewhat like Picture only larger in flower. Very warm clear pink flowers that come on long stiff stems and perfect dark green foliage. The petals have a lot substance which makes it a good cutting rose and the perfect flower makes it a leading exhibition rose. A very delightful fragrance. All America selection of 1955. Pat. 1304. \$2.50 each.

OTHER HYBRID TEA ROSES AVAILABLE

In order to make our rose list complete, we are offering the following hybrid teas. Please order early as our quantities are somewhat limited.

AUDIE MURPHY. Pat. 1558. Cherry red. \$2.50 ea.
BURNABY. Pat. 1314. Light yellow. \$2.50 ea.
CARROUSEL. Pat. 1006. Currant red. \$2.25 ea.
ISOBEL HARKNESS. Pat. 1650. Yellow. \$2.75 ea.
MIDNIGHT. Pat. 1542. Velvety dark-red. \$2.75 ea.
MIRANDY. Pat. 632. Fragrant dark-red. \$2.50 ea.
NOCTURNE. Pat. 713. Rich dark-red. \$2.50 ea.
MCGREY'S IVORY. Ivory white. \$2.00 ea.
SATURNIA. Pat. 349. Scarlet and Gold. \$2.00 ea.
SIGNORA. Two-tone orange. \$2.00 ea.
SHOW GIRL. Pat. 646. Large rose-pink. \$2.25 ea.
TALLYHO. Pat. 828. Pinkish red. \$2.25 ea.

YELLOW FAVORITES

GOLDEN MASTERPIECE. This is the largest yellow rose that we have listed — up to 7 inches across. These enormous yellow blooms are ably supported by strong stems. Long sleek buds open to a majestic, high-centered flower of rich golden yellow. Perfect, glossy green foliage and a pleasant old rose fragrance. Perfect for cutting. No matter how many roses you already have, you will need Golden Masterpiece for the perfect yellow rose. Pat. 1284. \$3.00 each.

NEW!!!

NEW!!!

GOLDEN GIRL. Golden Girl in your garden will win a place in your heart. Here's a new Grandiflora with a clear yellow glory that surpasses Eclipse, a size and form to challenge Montezuma, and all the flowing vigor of the famous Queen Elizabeth. The strong, sturdy stems make its big, 45-petaled flowers ideal for cutting, too. With a growing height of about 4 ft., this newest addition to the Grandiflora class should make an outstanding and permanent place in the gardens of all rose lovers. Illustrated on front cover. P.A.F. \$3.00 each; 3 for \$7.95.

 **PEACE.** If you were to have one rose in your garden, we would say that this was it. A consistent prizewinner. Perhaps the chief beauty of this rose is the great range of colors through which it passes. The large ovoid shape bud emerges to a fully 5 inch bloom with shades of canary yellow, pale gold, cream, pearly white and apple blossom pink. The color also varies with the season. It seems that no two plants produce the same color of blooms. — each one a little different. The very best of foliage on a very strong plant. Pat. 591. 3-4 ft. \$2.50 each.

 **SUTTER'S GOLD.** This rose has won about every award, both on the Continent and U. S. Long pointed yellow buds which are richly shaded with orange and red. The open flower is golden yellow with a very rich fragrance. Foliage is excellent. Sometimes mistaken in the fading flower for Peace. We like this rose very much and recommend it. 3 ft. Pat. 885. \$2.25 each.

ORANGE AND TWO-TONED FAVORITES

CIRCUS. The only All-America Winner for 1956. Perfect buds of almost red that opens to very perky high centered blooms in huge clusters of red and yellow. These blooms will give you a continuous display as they keep coming and coming all summer. Excellent foliage on an excellent bush that grows to 3 ft. in our climate. Somewhat of an old rose fragrance. The color of Circus is distinctively different and the only other rose that might come near it in color would be Masquerade. Singly or in an electrifying mass. Circus will bring you "the greatest show on earth" right into your own garden. Why not plant three of them? P.A.F. \$2.50 each; 3 for \$6.60.

FASHION. If you will look in our past catalogs, you will note that we have recommended this rose very highly. The oriental red buds are just waiting to burst out into exquisitely formed blooms in a sparkling new coral-pink that is suffused with gold. Very fragrant and a nice growth of about 3 ft. Our previous offer still stands when we tell you to plant three of Fashion this year and if you can honestly tell us that you don't like it we will be glad to refund your money. Pat. 789. \$2.00 each.

JIMINY CRICKET. We think that the outstanding feature of this 1955 All-America Winner from Jackson & Perkins is the sparkling new color — a bright apricot-orange. The aging flowers are somewhat lighter but from the time the first bud opens until the end, it never knows a dull moment. Each of the endless processions of buds and flowers is a perfect hybrid tea in miniature. Excellent for cutting. Pat. 1346. \$2.00 each.

LAVENDER GIRL. This is the latest addition to the blue or magenta colored roses. If you want something different in the garden or for arrangements, Lavender Girl is for you. While we don't like the color, we will admit that this bush is the strongest grower of all the roses in this shade. Oh yes, the price is also the highest of all roses listed in this catalog. We don't want it, you can have it for only \$5.00 each.

NEW!!!

NEW!!!

LAVENDER PRINCESS. Here is the very newest of lavender roses. Clusters of light orchid-colored buds which open into gracefully informal rich lavender blooms. The blooms are very large for a Floribunda, too—each one measuring 4 inches or more across. If you like the exotic new lavender color in roses, Lavender Princess could be the one for you. P.A.F. \$2.50 each; 3 for \$6.60.

MALIBU. We rather think that this is the best new Floribunda to be introduced this year. The color is an elegant orange-pink! The buds start out as a soft coral orange-red, and as they open the color lightens to a pastel orange-pink. Blooms are large—4 inches across—and in bloom all season. About 3 feet in height. P.A.F. \$2.50 each; 3 for \$6.60.

SPARTAN. We consider this rose the finest of all the new roses planted at Rose Hill last year. In our estimation it was easily heads above any other Floribunda. Gorgeous burnt-orange buds slowly open to huge, high-centered hybrid-tea-shaped blooms—flushed with a sparkling warm orange-red color. Ideal for cutting and sweetly fragrant. Pat. 1357. \$2.50 each.

VOGUE. Vogue is bright, gay, coral cherry in color. With its vigorous wealth of bloom, it will be one of the finest roses in your garden. Add to this the exquisite form of both the bud and open flower, and you will see why we didn't have enough to go around last year. Very fragrant and disease resistant foliage. Plant 3 VOGUE this spring and we will guarantee you one of the finest shows you have ever had. Pat. 926. \$2.00 each.

Here's Why Floribunda Roses Are So Popular!

- They bloom in great clusters of 15 to 20 flowers all summer long . . . from June to frost.
- They are adaptable to every type of planting on your property. Excellent for beds, borders backgrounds, hedges, specimen plantings,

foundation plantings and with evergreens and other flowers.

• Require very little care! Rugged, hardy, vigorous and disease-resistant.

• They give you more color, more blooms, more growth than any other flower!

• Also lovely in flower arrangements, as boutonnieres and corsages.

CORAL CROWN. Somewhat similar to Sarabande in flower form but a little more double. The clustered blooms are deep orange red that come on low compact plants. P.A.F. \$2.50 each; 3 for \$6.60.

FIREKING. 1960 All-America Winner, Fireking is a challenging vermilion whose 3-inch double blooms are borne on lusty, upright plant in heavy clusters. Makes a good, long-lasting bouquet for the house. The foliage is a deep rich green to set off the flaming blooms. We believe that for a blaze of color in your rose garden, nothing can surpass the May-to-frost glory of this fine new Floribunda. Illustrated on front cover. Pat. 1758. \$2.50 each; 3 for \$6.60.

SARABANDE. 1960 All-America Winner. The 3-inch semi-double blossoms of brilliant Oriental red open to disclose bright yellow stamens in striking contrast. Borne in vivid clusters all over the low, spreading, very vigorous plant, they hold their brightness throughout the flower life. As a low hedge in your garden, Sarabande could be a conversation piece. Pat. 1761. \$2.50 each; 3 for \$6.60.

HEAT WAVE. We call this rose the "glorified Floribunda" because every one of the hundreds of buds and medium size blooms is rose form at its best — as beautiful as the finest hybrid tea. And, with their extra measure of long-lasting substance, these are perfect flowers for cutting. In color, Heat Wave lives right up to its name with a sizzle that will make it a hot seller. It's a gay Chinese red with ruby-like shadings and highlights of persimmon. This plant has plenty of "get-up-and-grow" for outstanding garden performance. Above average height, it is not leggy but compact. Ask anybody who has watched this rose on Rose Hill and they will tell you it was at its best during the hottest weather. PAF. \$2.75 each.

FUSILIER. One of the better red Floribundas to come along in years. 1958 Winner of the All-America Selections. Deep dark red buds burst open into blazing, flaming orange-scarlet flowers . . . 4 inches across with upright and full bush that grows 2½ to 3 ft. tall. Foliage is leathery and dark green and blooms are produced in clusters. Each petal has a frilled and ruffled margin. Pat. 1709. \$2.50 each.

RED PINOCCHIO. Red version of the all-time favorite Pinocchio series! Pat. 812. \$1.75 each.

WILDFIRE. Betty Prior has long been a favorite with us for hedges, and now comes Wildfire as its equal in red. If you want color that will be the envy of the neighborhood, then this is for you. Very large for Floribunda, the wide-flaring nearly single flowers of rich dazzling scarlet, unfold into huge sprays which completely envelop the plant, making it a blaze of color. The petals are crisp, the sprays long lasting. Try this for a hedge if you want red. Very nice as individual plants too. Pat. 1381. \$2.00 ea.

YELLOW FAVORITES

 **GOLD CUP.** 1958 AARS Winner. Yes, here's the very first yellow Floribunda ever to become an All-America Winner! And little wonder — for Gold Cup is perfect in every respect. The color is just breathtaking — a deep, rich gold that does not fade. The flowers are large — 3 to 4 inches across — beautifully shaped . . . sweetly fragrant! And for profusion of flowers, this rose has no equal — producing hundreds of flowers continuously all season long! In fact, it's never without flowers from June till frost. Hardy, vigorous, disease-resistant . . . the 2½ foot plants are well clothed with glossy dark foliage, and the entire plant is constantly renewed by the freely sprouting basal shoots. You will be proud and well rewarded to have this new prize-winning rose in your collection. May we suggest planting three together for the greatest show. Pat. 1683. \$2.50 each; 3 for \$6.60.

NEW!!!

PINK CHIFFON. One of the finest pink Floribundas. A very light pastel-pink bud opening to a captivating, delicate pink flower. Very glossy foliage on a good upright plant. Pat. 1564. \$2.50 each; 3 for \$6.60.

NEW!!!

 **LILIBET.** 1954 All-American Floribunda Winner. Named in honor of Her Majesty, Queen Elizabeth II (it was her childhood name). This dainty new floribunda features flowers of light rose pink in the bud to a soft dawn pink in the fully open flower. It grows about 2 to 3 ft. in height, making it fine for a low hedge or as a single specimen. The plant is very sturdy, symmetrical and rounded, with glossy luxuriant foliage. Flowers continuously throughout the summer. P.A.F. \$2.00 each.

WHITE FAVORITES

 **IVORY FASHION.** One of the two All-America Winners for 1959. This is the Floribunda with a new look — an ivory-colored rose with the charm and grace of its world-famous parent, Fashion. Long slender buds with high-centered form open gradually to striking, slightly cupped, fully open, fragrant flowers. The richly decorative, long, graceful golden stamens give an air of charm to the whole ensemble. The petals are firm and heavy textured and retain their ivory color to the very last. Stout stems usually carry 5 to 10 buds which open gradually, giving a long and satisfying blooming period. Performed remarkably well the first year in its planting at Rose Hill. Pat. 1688. \$2.75 each.

NEW!!!

PINAFORE. New and unique! Dainty soft pink buds in large clusters open to single white blooms of yellow, red, pink, and maroon in the same cluster. Excellent bloomer and much desired for low, compact hedge. Pat. 1810. \$2.50 each; 3 for \$6.60.

NEW!!!

 **WHITE BOUQUET.** The only bush AARS Winner for 1957. This will probably be our leading actress in this year's play and because of her height, will give her best performance in the foreground. She has a gardenia-like shape with a sweet, spicy fragrance. Her costume is pure white with yellow stamens in the center as a high-light. We have seen her eyes as large as 4 inches across. Her accessories are a luxurious dark green. To those of you who have already seen White Bouquet in the various test gardens, will agree with us that this is the finest white Floribunda to date. Pat. 1415. \$2.50 each.

Some of the FINER ROSES OF THE PAST BURSTING WITH VITALITY

RED FAVORITES

CHARLOTTE ARMSTRONG. This rose-red rose that is one of the great roses of all time, now at a new low price.

CRIMSON GLORY. Finally off of the patent list and at a new low price. Crimson Glory is always listed in any "10 Most Popular Roses in America" survey. A deep, vivid crimson flower that stands erect on vigorous bushes. It really has the fragrance, more so than any other rose.

CHRISTOPHER STONE. A thrilling scarlet-crimson from tight bud until the last petals fall. Roses come and go but this will perhaps always be listed among the best reds. Regardless of price, variety or newness, Chris. Stone is our largest-selling red rose. Fairly double. 2½-3 ft.

ENA HARKNESS. Regardless of how much you might pay for a rose, we still think that this is the best red rose listed in this catalog. An outstanding rose in every detail.

NIGGER BOY. Very double flowers of blackish maroon. Prolific bloomer and sweet fragrance. 2-2½ ft.

YELLOW FAVORITES

ECLIPSE. Slim tapering buds of golden yellow have made Eclipse one of our most popular cutting roses. Finally off the patent list and offered at this new low price.

JOANNA HILL. Orange-yellow buds opening to large double flowers of cream and orange. Very popular for cutting. 2½-3 ft.

McGREY'S YELLOW. Bright buttercup yellow on very strong growing bushes. This rose is a consistent rose show winner despite some of the fine newer varieties. 2½-3 ft.

TWO-TONE FAVORITES

COUNTESS VANDAL. This is an old standby with us. An excellent performer in any garden. Color combination can hardly be described: pink, copper, gold and salmon. 3 ft.

MRS. SAM McGREY. An exhibition rose that will be a winner in any rose show. Scarlet-orange that changes to copper as the bloom matures. Very delicately perfumed. About 2½ ft.

PRESIDENT HOOVER. Another consistent show winner. A very large flower of flaming scarlet and yellow in the bud, opening to soft creamy yellow and red. Very vigorous plant. 3½ ft.

MME. HENRI GUILLOT. Blooms of watermelon to raspberry pink. Foliage very leathery like Peace. For simplicity, we call it "Madam Henry." First time offered at this low price.

TALISMAN. This is perhaps the best known and most widely planted rose in America. We don't like it too much but then everybody does not have the same taste. Rich scarlet and gold to deep rose and pale yellow. Fragrant and at its best when in the bud. About 2½ ft.

PINK FAVORITES

PICTURE. A very fine rose for cutting and pretty as a "picture". To see the velvety-rose pink flowers is to want it. 2½-3 ft.

DAINTY BESS. Very popular single flowering rose. Five light pink petals enclosing a mass of crimson stamens. 3-3½ ft.

LULU. Very long sleek buds of salmon-orange that open into a single flower of 8 petals. Very popular. 3 ft.

THE DOCTOR. Enormously large semi-double pink flowers that literally hold you spellbound as you view it. Plant this in your garden and watch people stop to look at it. Very fragrant and satiny. Not over 2½ ft.

WHITE FAVORITES

FRAU KARL DRUSCHKI. Magnificent snow-white blooms with a touch of pink in the center. 3-6 ft.

VIRGO. Regardless of price, this is the finest white rose listed in this catalog.

Climbing Roses For A Riot of Color!

No. 1 Bushes
That Will Bloom
For You This
Year.

RED SHADES

BLAZE. Now you can have America's favorite red climber in this ever-blooming improved strain. Why fool with inferior strains of Blaze or Paul's Scarlet, when you cannot only have bloom in June but throughout the summer as well. Our plants are good and husky and in most cases give you bloom the first year planted. \$1.75 ea.

NEW!!!

NEW!!!

DON JUAN. A new pillar rose that has done very well in test at Rose Hill. Large 5 inch velvety red flowers throughout the entire summer. Sometimes in clusters and sometimes singly, Don Juan has a delightful fragrance and excellent for cutting. Blooms on both old and new wood. PAF. \$3.00 each.

YELLOW SHADES

GOLDEN SHOWERS. First climbing rose to win a national AARS award. Golden Showers is a very fragrant, high centered bloom, 4-5 inches across and daffodil yellow in color. Tested in all parts of the country as being winter-hardy. Blooms from early spring till late fall. Can be grown as a large bush, pillar or climber. Glossy foliage and resistant to mildew with normal care. We have watched it for several years in the test gardens and do not know of anything more one could ask for in a rose of this type. Pat. 1557 \$2.75 each.

HIGH NOON. Brilliant golden-yellow blooms that keep coming all during the season. Very popular. Pat. 704. \$2.50 ea.

PINK SHADES

BLOSSOMTIME. One of the finest new everblooming two-toned pink. Beautiful buds and good foliage. Like all everblooming climbers, Blossomtime does better if grown as a pillar rose. Pat. 1240. \$2.50 each.

CL. PINKIE. A new Cl. floribunda with the same type blooms as the bush. A very compact 6-8 ft. climber that no doubt will find a place in your yard where the ordinary climber would be too rampant. The glossy green foliage is almost hidden completely by the clouds of pink bloom. Best of all it doesn't stop with the first blooms but keeps producing cluster after cluster of bloom throughout the season. Pat. 1076. \$2.75 each.

CL. QUEEN ELIZABETH. Climbing form of the Grandiflora rose, Queen Elizabeth. \$2.75 each.

NEW DAWN. Rosarians everywhere agree that this is the finest hardy everblooming climber for any climate. Blush pink in color on long stems. Sometimes known as the Everblooming Dr. Van Fleet. \$1.75 each.

SPECTACULAR. Brilliant new everblooming climber introduced last year. Orange-red in color which is similar to the 4th of July red. Proven perfectly hardy for frost, this is one climber you can rely on to give your garden a grand show. Pat. 1416. \$2.50 each.

GLADIATOR. Truly immense 5-inch blooms are brilliant rose-red of the American Beauty color — yes the modern Cl. American Beauty in an everblooming form. Pat. 1524. \$2.75 each.

CL. CARROUSEL. Everblooming climbing type of the favorite bush rose of the same name. P.A.F. \$2.50 ea.

TWO-TONED SHADES

CORAL DAWN. Similar in habit to its parent, New Dawn. Coral pink in color. Everblooming from late spring until frost. Pat. 1117. \$2.50 each.

CL. TALISMAN. Same as bush rose, Red, gold and yellow. \$1.75 each.

WHITE SHADES

WHITE DAWN. Same growth and blooming qualities as New Dawn only the bloom is pure white. For a white climber, there is no better to our knowledge. \$1.75 each.

MINIATURE ROSES

FOR POTS, PLANTER BOXES, LOW HEDGES & BORDERS

For That Shady Spot Plant **BEGONIAS**

**WILL BLOOM THIS SUMMER
 EASY TO GROW IN SHADY LOCATION
 REQUIRE LITTLE CARE**

Begonias thrive in cool shady location. They cannot stand full sun. Plant in window boxes or in shady nook where soil is fairly rich. If soil is poor, fertilize with fish oil. Give them an ample degree of moisture. While the blooms normally come in clusters, you can disbud the side buds to give you a large bloom to 10 inches across. Excellent for floating in shallow bowls. For early bloom, start them inside in February and March.

Fine Flowering SHRUBS

Bloom from April to Late Fall

ALTHEA (Hibiscus or Rose of Sharon)

Upright shrub, with double flowers blooming in August and September. We have four colors — Pink, Purple, Red and White. 2-3 ft. \$2.50 each.

BARBERRY

Crimson Pygmy. Very dwarf growing, same purple or red foliage as atropurpurea. We have never seen it over 15 inches high. The plants we offer are about 8-10 inches in height. \$2.50 each.

Thunbergi. Green foliage turning to crimson in autumn. Red berries. Widely used and very attractive. 15-18 in. bushy stock. \$1.65 each.

Atropurpurea. Purple or red foliage. The most popular barberry planted. Foliage holds its color throughout the summer. 15-18 in., \$1.75 each.

BEAUTY BUSH (Kolkwitzia)

Attractive foliage with a profusion of pink flowers in May. Our favorite flowering shrub. 24-30 in., \$2.50.

FLOWERING ALMOND

Very popular as the shrub which covers every twig and branch with dainty little double pink flowers that remind one of miniature roses. 18-24 in., \$2.25.

FLOWERING QUINCE

Low growing shrub with glossy foliage. Bright red flowers in the early spring followed by decorative fruit quinces in the fall. 18-24 in., \$2.25

DEUTZIA

Gracilis. Low growing shrub never over 3 ft. Snow white flowers cover the bush in May. Used extensively for flower arrangements. 12-15", \$2.25

Pride of Rochester. A tall stately growing shrub up to 8 ft. Very beautiful in May when it is covered with a profusion of double white flowers tinged with pink. 2-3 ft. \$2.50.

HONEYSUCKLE

Zabeli. We believe this to be the finest of all red honeysuckles and have discarded our other varieties in favor of it. 24-30 in., \$2.25.

Clavey's Dwarf. Neat, compact growing honeysuckle not over 3 feet. An outstanding new low growing shrub for the foundation planting. Why not try some of our newer low growing shrubs in the foundation planting to get away from the monotony of straight evergreens? \$3.00 each.

EVERY SEASON OF THE YEAR**

WINGED BURNING BUSH

EUONYMUS ALATUS. A prime favorite! Produces an abundance of yellow flowers in May which are followed by orange and red berries. Interesting corky bark. Outstanding in the fall with its reddish-pink foliage. Medium height. 24-30 in., \$5.00.

EUONYMUS ALATUS COMPACTA. Dwarf growing form of above. 15-18 in., \$3.95.

HYDRANGEA

Arborescens. Large, double snow white flowers in June and July. Thrives in shady places. 24-30 in., \$2.35.

Paniculata. Often called "P.G. Hydrangea." Very popular shrub with huge, conical heads of flowers that turn pink as they age. Blooms in August. Bush type. 18-24 in., \$2.50.

Blue Hydrangea. Large flower that comes in July and August. For real blue color in our area, mix a tablespoon of aluminum sulphate in the soil about the plant. We also suggest a light mulch for winter protection. \$3.00 each.

NEW!

NEW!

HYPERICUM. (Hidcote). The hardiest of all Hypericum. Very dwarf, shapely shrub which grows oval shape of 2 to 3 ft. in diameter, densely covered with glossy foliage. It bears cymes of golden flowers at the end of every new branch. This mound of gold is very free flowering. We have had it in our nursery for several years and those that have seen have bought it. We now have enough for our mail order customers. 18-24 in., \$2.50 each.

POTENTILLA

Katherine Dykes. A graceful small, 3-foot high shrub, upright in growth, yet compact. Foliage is dense and fern-like in effect. From early June till frost, the plants are studded with light chrome-yellow, chalice-like blooms. A splendid, low-growing and graceful shrub for foreground planting, fits in perfectly with perennial plants in the hardy border. Prefers a sunny location. \$3.00 each.

FORSYTHIA

-- Herald the Coming of Spring

Spring Glory. Without question the loveliest of all Golden Bells. The large pale yellow flowers completely cover each branch with a mass of bloom. There is nothing that will make you forget winter as quickly or announce spring as flamboyantly as Spring Glory. 2-3'. \$2.25.

Lynwood Gold. The finest of all deep golden yellow Forsythias. Erect branches are literally smothered under the golden flowers from top to bottom. With the bloom just as profuse as Spring Glory, why not plant them together for early spring blooming contrast? 2-3'. \$2.50.

NEW!

NEW!

FORSYTHIA

BEATRIX FARRAND. Named in honor of the famous landscape architect, Beatrix Farrand was originated at the Arnold Arboretum by Dr. Karl Sax. A very extremely vigorous grower making a large symmetrical bush. The deep golden yellow flowers are over 2 inches in diameter and have striking orange markings in the throat. We think you will like our husky 2-3 ft. bushes. \$2.95 each.

WHITE FORSYTHIA

ABELIOPHYLLUM DISTICHUM. A rare new shrub and while it does not belong to the Forsythia family, the first time you see it in bloom you will exclaim to the resemblance to the Forsythia. Buds are formed in the fall and open in the early spring to transform the bush into a mass of white blossoms. The flowers are actually pale pink when they open but soon fade to white. We have seen this bush used with an underplanting of Red Emperor tulips. What a sight! Nice plants of 18-24 in. \$3.50 each.

SYMPHORICARPOS (Snowberry)

Chenaulti. New improved variety. Small leaves, graceful arching branches; pink flowers followed by small red fruit in the fall. 3-4 ft. \$2.95

WEIGELA

Bristol Ruby. Our newest Weigela. Hardier and more vigorous, it makes a shapely, thrifty plant with attractive rich green foliage. Color is soft ruby red, extremely pleasing in effect and without harsh tone. The bush is perfectly formed, a well-rounded specimen requiring very little pruning because it flowers well from old wood; no die-back or uneven growth at any time. We have discontinued all other varieties in favor of this one. 24-30 in., \$2.50.

FRENCH PUSSYWILLOW. Very large catkins and tall growing. One of the best forcing varieties. Excellent green foliage during the growing season. 3-4 ft., \$2.95.

TREES IN SHRUB FORM

Because of the demand, we are now growing the following trees in shrub form. While they grow larger than the ordinary shrubs, they do find a use where you might want a little height and yet give you shrub effect. Use them in the background of your shrub plantings, along drives and as individual specimens.

Prices above lilacs, \$2.95 each.

PHILADELPHUS (Mock Orange)

Virginalis. Immerse fragrant, double white flowers in large clusters that weigh down the branches. Blooms in May and June. 2-3 ft., \$2.25.

Minnesota Snowflake at 538. Very double, new variety of mockorange. Fragrant. Blooms cover the plant from top to toe and keep coming all summer. 2-3 ft., \$2.50

NEW!!!

NEW!!!

FROSTY MORN

The new dwarf mockorange. Very fragrant and very double white, Frosty Morn blooms in June and July. Has proven to be thoroughly hardy here in the Inland Empire. It never reaches a height of over 3 ft., so it should be very adaptable for the foundation plantings of the newer type rambling home. 15-18 in., \$2.50 each.

GOLDEN MOCKORANGE

Newer variety of Mockorange. Very dwarf growing and compact with a striking yellow foliage. Ideal for the newer ranch-type home where straight evergreen plantings are a thing of the past. 15-18 in., \$2.50.

SMOKE TREE. An attractive specimen continuously from early spring until late fall; particularly fascinating in July, when it carries a great mass of filmy purplish clusters that resemble a rising cloud of smoke. Its flat leaves are stained pink, when young, and are of yellow and purple in autumn. 2-3 ft., \$3.50.

BRONZE-LEAVED SMOKE TREE. Similar in growth and habits to the well-known Smoke Tree, only this variety is the rare bronze-leaved and "bronze-plumed" Smoke Tree. Bronze foliage and bronze colored so-called plume or smoke. Nice bushes 2-3 ft. tall. \$4.95.

TAMARIX

Hispidia. A beautiful shrub with bright pink flowers in June and July. Very hardy. For best results with this shrub, cut back to the ground every two years. As they are rather hard to start, we give them a severe pruning prior to shipment. 24-30 in., \$2.25.

Summerglow. The airy Tyrian rose spikes appear on top of the delightful foliage all summer long. Longer blooming and lighter in color than Hispidia. We suggest the same type pruning as for Hispidia. 2-3 ft. \$2.95.

CORYLUS CONTORTA

This rare and exciting new shrub will be the conversation piece of your garden all year 'round. Its curiously twisted, turned and almost corkscrew-like branches create an unusually lovely effect against the snow in winter. Often referred to as the "Harry Lauder's Walking Stick Bush" because of its striking resemblance to one of Harry's famous canes. Slow growing and easily cared for, it does well in sun or shade and does not reach a height of over 7 ft. \$8.50 each.

SPIREA

Anthony Waterer. Flat heads of rosy-pink flowers are borne all summer on these popular, compact, dwarf shrubs. Attractive foliage. 15-18 in., \$2.25.

NEW!!!

NEW!!!

Caryopteris (Blue Mist). Often called Blue Mist or Hardy Blue Spirea. Low growing shrub covered with numerous clusters of powdery blue, fringed flowers from August to frost. Very attractive silvery green foliage. Very new and dainty. We recommend this hardy shrub very highly. No. 1 bushes, \$2.00 each.

Heavenly Blue. Pat. 1091. New darker blue form than Caryopteris listed above. No. 1 plants. \$2.50 each.

Prunifolia. The true bridalwreath spirea. Produces great masses of double white flowers that are very showy and excellent for cutting. 2-3 ft., \$2.50.

Thunbergi. A fine display of white bloom in early spring prior to leaves. Foliage is soft and feathery. Rather spreading habit. 24-30 in., \$2.25.

Van Houtte. A graceful, pendulous shrub surpassing all other spireas with its superb gracefulness. The most widely planted of the spireas. 2-3 ft., \$2.25.

Trilobata, Swan Lake. A rare and lovely Spirea, most beautiful of the white spring flowering shrubs. Never growing over 3 to 4 ft. tall, it is just perfect for the new low type architecture of the modern home. White Swan is completely covered with unbelievable masses of white flower clusters that mingle with dark green leaves. \$5.00 each.

SELECT YOUR OWN EVERGREENS, TREES, SHRUBS, and ROSE BUSHES

It is impossible to list all the plants we grow. The larger trees, specimen evergreens and shrubs that require transplanting with a large ball of earth, are mainly for local sales; it is obvious why it is not practical or economical to transport them any distance by rail.

Our "Balled and Burlapped" Evergreens . . . large broadleaf Evergreen and Deciduous Shrubs . . . Rhododendrons and Azaleas . . . large Fruit Trees . . . Vines . . . Perennials . . . are usually ready for "Cash and Carry" sales at proper planting seasons. Well-informed salesmen are ready to assist you to make your garden a part of your home life. Our business is not only to produce good plants but to advise you how to use them. For the benefit of those who cannot visit us week-days, we are open Sunday 9:00 to 6:00, during the planting seasons.

VIBURNUM

Highbush Cranberry. Well known hardy shrub, single white flowers in April-May, followed by scarlet fruit that hangs on all winter. Very attractive and showy. 2-3 ft., \$2.50.

Common Snowball. A very popular shrub that blooms profusely in late spring and early summer. White snowball-type blooms. 2-3 ft., \$2.25

NEW!!

NEW!!

VIBURNUM TOMENTOSUM MARIESI

This variety is an improved form of the Tomentosum. The plants do not grow quite as tall nor quite as fast (about 6 to 7 ft. when mature), but it blooms more profusely and while still young. For those of you who like the White Dogwood, the blooms on Mariesi are similar and this shrub will give you the same effect. Cheaper than Dogwood too, and hardier. 2-3 ft. \$4.95 each.

HEDGES

Beautiful Living Fences

BARBERRY

Thunbergi. Green foliage with yellow flowers. Brilliant foliage in autumn with red berries. Hedging size, \$6.00 per dozen.
Red Leaf. Same as above except foliage is red or purple throughout summer. Hedging size, \$7.00 per dozen.

CARAGANA (Pea Shrub)

Very hardy bush with yellow flowers in May and June. If you have some spot where nothing else will grow try caragana. It needs no care! Hedging size, \$6.00 per dozen

PRIVET

English Privet. Dark green foliage that hangs on nearly all winter. 4 canes and up. \$4.00 per dozen; \$30.00 per 100.
Lodense. The finest plant for a low hedge or border. Very dwarf habit. We recommend this very highly. Can be used also as individual plants; nearly evergreen. 75c each; \$70.00 per 100.

RUSSIAN OLIVE

Silver grey leaves, white berries. Very tough; nothing penetrates through this plant when used as a hedge. Hedging size, \$7.50 per dozen.

SPIREA

Van Houtte. Very popular for a graceful hedge. White flowers in spring; good foliage. Hedging size, \$6.00 per dozen.

HONEYSUCKLE

Zabeli. Good grower with red flowers. Hedging size, \$6.00 per dozen.

**"DO IT YOURSELF"
LANDSCAPE KIT**

(LANDSCAPE KIT WILL BE AVAILABLE ABOUT MARCH 1st)

For home owners who desire to create new beauty on their home grounds, and for those who enjoy the satisfaction and economy derived from "Planting It Yourself", we proudly maintain this service. The first and most important step in preparing your landscape program is to have a carefully planned Planting Plan to follow—one which is tailored to exactly fit your individual grounds, using the best choice of hardy materials suited to your area to give you permanent and gratifying beauty with modest amount spent on the planting materials.

First write for our Landscape Kit. The price of this kit is only 50c. In this kit will be found full and simple instructions for you to follow in making the preliminary drawing of the house and grounds. Please establish all dimensions as accurately as possible and answer all the questions found therein. It is very important to show the heights and locations of windows; also locations of any basement windows.

Upon receipt of this drawing and information and your remittance in the amount of \$5.00, our Landscape Expert will design you a complete plan, including a planting list of hardy ma-

terials best suited for your particular needs, as well as a surprisingly reasonable cost estimate covering the items included. Then if you purchase the planting materials from us and your first order amounts to \$50.00 or more, the \$5.00 fee you have already paid on the plan will be applied on your order as a credit, thus giving you this Landscape Service ABSOLUTELY FREE. Yes, this is truly an easy and economical way to start your landscape with a purpose.

This Landscape Service applies only to the average size lot and we reserve the right to reject complicated plans where we feel the customer could be best served by employing the services of an architect right on the grounds.

It will be to your advantage to get your Landscape Plan ordered EARLY. After April 1st we cannot guarantee to make prompt delivery of plans. Our rush season is April and May and it is impossible to promise quick service for plans that are ordered late. Because of the handling expense involved, your initial order must be \$50.00 or more to deduct the \$5.00 plan credit, however, the stock may be shipped as wanted.

TREES LISTED ON THIS PAGE ARE *Styled* FOR THE MODERN RANCH TYPE HOME

The final touch needed to complete a garden scheme is the proper placing of a desirable tree. They may be used as accents; to outline paths and borders; to provide welcome shade; to furnish interesting patterns of light and shadow; to supply flowers, berries or foliage effects; or to add a feeling of quiet to the garden atmosphere.

DOGWOOD

Pink Flowering. One of the finest small growing ornamental trees; too often overlooked for use in the small yard. Pink flowers in the spring. The foliage colors very attractively in the autumn. 3-4 ft., \$9.95; 4-5 ft., \$15.00.

White Flowering. Same prices and description as above only flowers are white.

FLOWERING PEACH

Double Red. Rich ruby-red. Very large blooms.

Helen Borchert. Shell pink. Very large. Desirable for forcing indoors. Prices, 5-6 ft., \$6.00.

Royal Redleaf. A new ornamental flowering tree. Foliage is bright red in the early spring, gradually dulling to a deep maroon towards fall. Rose blooms make a pleasing contrast with the foliage. Produces red fruit with white flesh. Fruit has a wild seedling flavor that is edible or suitable for pickling. Hardier than most peach varieties. 5-6 ft., \$6.00 each.

FLOWERING CHERRY

Kwanzan. Double deep pink flowers. Very fragrant. 5-6 ft., \$6.00.

GOLDEN CHAIN

Vossi. Beautiful small tree with bark of pea-green. Very graceful fragrant long chains of golden yellow flowers. 6-8 ft., \$8.95.

HAWTHORN

Paul's Scarlet. Wide spreading spiny branches, the head equaling the height in diameter. Bright double-red flowers in abundance during May. 4-5 ft., \$3.00; 5-6 ft., \$6.00; 7-8 ft., \$7.95

Cordata (Washington Thorn). Deep green glossy leaves with outstanding autumn coloring. White flowers with glossy red berries. 4-5 ft., \$5.95.

AUTUMN GLORY HAWTHORN

Vigorous erect growing tree with grayish bark. White flowers followed by a profusion of large glossy, brilliant red berries all along the branches. Much more outstanding than the popular Mt. Ash. Featured extensively by the Wayside Gardens. 5-6 ft., \$8.50.

MAPLE

Circinatum. One of the finest of the small growing trees. This tree has no equal for fall coloring. Maximum growth about 15 feet. 4-5 ft. well developed trees, \$7.50 each.

Palmatum Atropurpureum. Often called Japanese Red or Ribbon leafed maple. Magnificent purple-red foliage, gracefully lacinated. Our trees have been grafted to assure you of the best color possible. 30-36 in., \$9.00 each.

Dissectum. A very small growing tree to not over 6 ft. Very much in demand. Foliage is called "cutleaf." 2-3 ft. \$9.00 ea.

RED BUD

Very attractive, rosy pink almost red flowers in the spring. 5-6 ft. \$6.00 each.

FLOWERING PLUM

Blireiana. Early flowering, double pink. Striking red foliage. 3-4 ft., \$3.95; 5-6 ft., \$6.00.

Cistena. New flowering plum. Red foliage with white contrasting flowers. Low branching and bushy. 3-4 ft., \$3.95; 5-6 ft., \$6.00.

Newport. Hardy upright grower maintaining its reddish purple color until leaves drop. 3-4 ft., \$3.95; 5-6 ft., \$6.00.

Sapa. Green leaves throughout the summer. We like this variety as having the most fragrant blooms of any tree we know. White in color, the fragrance of the blooms almost knocks us over when we pass our block that we have in the field. 3-4 ft., \$6.00.

Thundercloud. Rich dark red foliage that really stays red until the last leaf drops. Pink bloom. One of the finest. 4-5 ft., \$4.95; 6-7 ft., \$6.95.

Triloba. The most popular of all flowering trees. Small rosettes of pink flowers that literally cover each branch in the early spring. Often called "Rose of China." 3-4 ft., \$3.95.

FLOWERING CRAB

Almey. Double red blossoms with scarlet fruit. We think this is the best in red.

Bechtel's. Large double pink and one of the most popular. The variety we now have has fragrant blooms.

Eleyi. Best of the purple-leaf crabs. Pink blooms borne in profusion. Red fruit.

NEW!!!

NEW!!!

Ferrill's Crimson. Entirely new red leafed flowering crab that holds its color the entire season. Medium growth, large single red flower. Red fruit. A welcome addition to the finest of all flowering trees for our area.

Hopa. Very upright growing. Crimson buds, rose flowers. Fruit red that hangs on until late fall.

Floribunda. Pink buds, white flowers. Yellow fruit that hangs on all winter. Very attractive at any time of the year.

Morden No. 454. Narrow pyramidal growth. Rosy-red flowers with cherry-red fruit. Purplish leaf and dark bark.

Sargenti. Rather dwarf growing, white flowers and red fruit.

Scheideckeri. Compact upright growth. Single rose blooms. Very popular, yellow fruit.

PRICE ON ALL CRABS LISTED: 4-5 ft., \$4.95; 5-6 ft., \$6.50.

SPINDLE TREE (Euonymus Atropurpureus)

We have no small growing tree in our nursery that causes so much comment in the fall than the Spindle Tree. Green foliage in the summer that turns to all shades of red. After the foliage drops, the large masses of pinkish red, 4 lobed fruit shows up to remain on the tree well after Christmas. 3-4 ft. \$6.00 each.

ASH

Green. Very good green foliage. It thrives over a wide area and is ideal for dry climates. 7-8 ft., \$6.95; 10-12 ft., \$12.50.
(Note: See Mountain Ash listed below)

BIRCH

Cut-Leaf Weeping. White bark. A pyramidal type of moderately rapid growth. Branches become more pendulous as the tree grows older. Very graceful. 8-9 ft., \$7.95; 10-12 ft., \$10.95.

Clump Birch. Same as preceding but usually with three or more stems originating at the base. Has become increasingly popular because it fits very well into the landscape of the newer type ranch home. 6-7 ft., \$8.95.

CATALPA

Western. A rapid growing tree with very large leaves, a nice clean bark and large white flower heads followed by long bean-shaped seed pods. 8-10 ft., \$7.95; 10-12 ft., \$12.50.

ELM

Chinese or Siberian. A very rapid growing tree with a dense head. Extremely hardy and disease resistant. 5-6 ft., \$2.35; 7-8 ft., \$3.50; 8-10 ft., \$4.50.

HORSECHESTNUT

Pink Flowering. A slow growing shade tree with pink pyramidal cone-shaped flowers. Very thick foliage. 6-8 ft., \$12.50.
White Flowering. Same as preceding, only white flowers. 5-6 ft., \$7.95; 7-8 ft., \$10.00.

LINDEN

American. Very large attractive leaves on a strong growing tree. Excellent for shade. 7-8 ft., \$7.35.
Pyramidal. A type of American Linden with a distinct pyramidal type of growth. Used extensively along the parking strips in Spokane's finer residential districts. 7-8 ft., \$8.95.

MAPLE

Crimson King. An improved form of Schwedler that holds its red color throughout the summer. An excellent new novelty. 8-9 ft. whips, \$8.95; 7-8 ft whips, \$7.95.
Norway. Large and dark green foliage, round and spreading in growth habit. For lawn specimens or shade, this tree is recommended very highly by us. 7-8 ft., \$5.95; 8-10 ft., \$6.95; 10-12 ft., \$8.95.
Schwedler. Similar to the Norway Maple, except the new foliage in the spring is bright purple. Very attractive in the fall with its bronze and orange colored foliage. 7-8 ft., \$7.95; 10-12 ft., \$12.50.

SUMMER SHADE. Pat. No. 1748. New rapid growing, self branching form of Norway Maple with large dark green leaves, especially adapted to Inland Empire conditions. 7-8 ft. whips, \$3.95; 6-8 ft. branched \$8.95.

MOUNTAIN ASH

A fast growing shade tree with orange clusters of berries from August till late winter. Everybody knows this popular tree. 7-8 ft., \$6.95.

SYCAMORE

European. A highly ornamental tree that is wide-spread in growth. Very disease free. Creamy bark. 7-8 ft., \$5.50.

WILLOW

Wisconsin. Spreading limbs and weeping branches. Very hardy. Dark green leaves. 7-8 ft., \$5.95.
Golden. Medium spreading growth. Golden yellow bark. 7-8 ft., \$5.95.

HONEYLOCUST

MORaine. Our newest shade tree—the tree you will read about in all of the garden magazines. Take a look at these features and see if it is not just the shade tree that you have been looking for:

1. Clean
2. Vase-shaped
3. Filtered shade
4. Hardy
5. Regal
6. Good Roots

What more could one ask for in a shade tree. We have a fine block at prices that are reasonable for a new tree. 5-6 ft. branched, \$6.00; 6-7 ft. branched, \$8.00; 7-8 ft. branched, \$10.00.

**FOUR NEW
HONEYLOCUSTS**

NEW!!!

SHADEMASTER. The tree of today for streets, lawns and parks.

1. Straight, strong trunk.
 2. Ascending branches.
 3. Heavy, dark green foliage.
 4. Requires no staking.
 5. Rapid growth.
 6. Freedom from diseases and insect pests.
 7. Drought resistance.
 8. Holds foliage late in the fall.
 9. Deep roots.
 10. Does not heave sidewalks.
 11. Grass will grow right up to the trunk.
 12. No leaf raking in the fall.
- These are 12 reasons why this is the finest tree listed on this page. Drop into the nursery and we will show you a colored photograph that we took of this tree this past summer.

7-8 ft lightly branched, \$10.00 each; 8-10 ft. branched, \$17.50.

SUNBURST HONEYLOCUST

(*Gleditsia Triacanthos Inermis Aurea*)

The first new color in a hardy, ornamental shade tree since Crimson King Maple. Bright golden foliage on 8 to 10 inches of branch tips, contrasts with the rich green of the balance of the tree; appears to be in bloom all summer.

*Broadly pyramidal head and excellent branching habit creates a beautiful symmetry unmatched by other honeylocusts.

*Producing only male flowers, Sunburst is absolutely seedless and causes no ground litter.

*Sunburst is adaptable to any location. Unusually strong, it has withstood ice and snow storms which completely ruined neighboring trees of other varieties. Plant Patent No. 1313. 6 to 7 ft. Lightly branched. \$12.50 each.

IMPERIAL. A graceful spreading variety with symmetrically arranged branches forming a regular and compact tree. Foliage is dainty and refined, and leaflets are more closely spaced than the average Honeylocust, forming a more dense cover. Brand new in 1959. 6-8 ft. \$10.00 ea.

SKYLINE. Much on the same order as the Imperial listed above only in a more pyramidal form. Brand new in 1959. 5-6 ft. Branched. \$10.00 each.

TREE OFFER No. 17

This offer is made for the new home owner with a medium size lot. THUJA-ARBOR VITAE

American. Used primarily for hedges. Rather broad growing and rapid.—good growing conditions will bring a growth of 2 ft. per year. Plant 3 ft. apart for hedge purposes. Dark green in color. Just about as cheap as flowering shrubs and it stays green all winter. Nice bushy plants 2-3 ft. high, \$3.00.

Woodwardi. (Globe Cedar). Develops into a perfect globe-shaped plant, the spread equaling the height. Light green foliage. Used largely under windows in foundation plantings and in formal work where symmetry is desired. 15-18 in., \$3.50; 18-24 in., \$4.95.

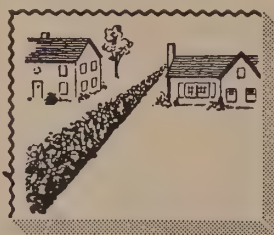

Umbraculifera. A dwarf type of globe. Grows rather flat and round. Ideal for the very low picture window or planter box. 12-15 in., \$4.50; 18-24 in., \$7.50.

Golden. (Berckman's). A beautiful, dwarf, compact variety of golden color. Does best in full sun. Used for urns, small gardens, cemetery lots or brightening up foundation plantings at the base of your steps. 10-12 in., \$2.50; 12-15 in., \$3.75; 18-24 in., \$5.95.

Pyramidalis. Dark green foliage. Columnar, formal habit, dense and compact. For corners, in front of pillars, center or background of group plantings, no other evergreen is quite so popular. 18-24 in., \$2.95; 24-30 in., \$3.95; 3-4 ft., \$4.95.

AMERICAN ARBOR VITAE

- FAST GROWING
- EVERGREEN
- SHEARS WELL

Our most popular planted evergreen hedge. Very fast growing—12 to 24 in. per year. Hardy and evergreen. Looks good whether you trim it into box-shape or just let it grow. Plant from 3 to 4 ft. apart, depending on how fast you wish a good tight hedge.

Baby Size. 12-15 in., \$1.25 each; 12 for \$12.00.

King Size. 2-3 ft., \$3.00 each; 3 for \$8.25; 12 for \$30.00.

JUNIPER-JUNIPERUS

Pfitzer. One of the best types of spreading evergreens. The branches spread horizontally, with the terminals slightly drooping. It lies close to the ground, and for edging larger plantings has no superior, supplying the flowing lines needed in good landscape plantings. Foliage grey-green. 15-18 in., \$3.95; 18-24 in., \$5.95.

Golden Pfitzer. Growth and habit like the green variety, however the color has a decided golden cast, especially in the late spring when the new growth appears. 12-15 in., \$3.25.

Meyer. Foliage is a striking blend of grey and silver-blue turning to a rich violet in the late fall and winter. Irregular growth that is not stiff. Used in foundation plantings and large rock gardens. 15-18 in., \$4.75.

Hetzi. (Blue Pfitzer). Same growing habit as the green and golden Pfitzer. Color is a light cast of blue. Excellent. 15-18 in., \$3.95.

Tamariscifolia. (Tamarix Juniper). Blue-green foliage, compact, procumbent. Much lower growing than the Pfitzer types. Used extensively for rockeries, banks and as a border to your foundation planting. 15-18 in., \$3.95.

Sabina. A semi-upright spreading variety growing to a height of 3 ft. Color dark green. 18-24 in., \$2.95.

Andorra. Very low growing habit. Bluish color throughout the summer turning to purple tones with the first frost. 15-18 in., \$3.95.

White's Silver King. New patented evergreen. Very low growing, silver-blue in color turning slightly purple in the fall. Growth habit about the same as the Tamarix Juniper. 15-18 in., \$4.95.

Beautify and Improve Your Home Grounds

Most of us realize the importance of Landscape beauty in relation to our Homes, our Streets, Municipal Parks, Memorial Parks, Institutions and Industrial Sites everywhere.

It is so very important to have the right tree, the right shrub and the right plant in the right place. It takes some imagination to visualize the ultimate beauty and effect that one creates when planting suitable sizes. In all of these matters, our trained horticulturists are here to help you and to advise in detail what, when, and where to plant. We therefore invite you to come to the nursery to see the plants; most of them will be ready for you to take right along home during planting seasons.

BABY EVERGREENS

2 and 3 year old heavy transplants

Set these sturdy transplanted evergreens in your garden for several years, and you will have trees that will be worth 10 times what you will pay us for them. You be the nurseryman.

CYPRESS-CHAMAECYPARIS

Alumi. (Blue Cypress). Upright, symmetrical growth. Foliage is very compact and rich blue-green in color. To see it is to want it. 24-30 in., \$3.45.

Filifera. A very graceful growing evergreen. Unusual foliage, drooping and graceful, resembling cords of grey-green. 18-24 in., \$7.50.

Filifera Aurea. Similar to above only dwarfier growing with drooping cords of gold. 12-15 in., \$4.50.

PINE-PINUS

Dwarf Mugho. An excellent dwarf pine, globe shaped and erect branching. Especially attractive in the growing season when the new growth, which looks like miniature candles, completely covers the bush. 15-18 in., \$4.50; 18-24 in., \$7.50.

SPRUCE-PICEA

Colorado Blue. (Koster). Grafted plants of steel blue. We call them shiners. There are no spruce any bluer. Well-developed trees that are used primarily for specimens in the middle of the lawn or some other focal point. 2-3 ft., \$15.00; 3-4 ft., \$25.00; 5-6 ft., \$35.00.

Norway Spruce. Dark green with rather short needles. Used as specimen in the middle of lawn and makes an excellent living Christmas Tree. 3-4 ft., \$7.50.

Nest Spruce. Needles and color very similar to Norway however it grows somewhat in the shape of a bird's nest. Very slow growing and never over 2 ft. in height and width. Used considerably for small urns and outside planter boxes. 9-12 in \$3.95.

YEW-TAXUS

The Disease Proof Evergreen

No family of evergreens has gained such popularity in recent years as the Yew. Their dark, rich color, hardiness, variety of form, transplanting easiness, adaptability, freedom from disease and insects has merited this position. And what's more they do well in both sun and shade. We truly believe that this is the coming evergreen and are using it more in landscaping work.

ENGLISH YEW. Dark fine green foliage. Upright grower, rather broad. One of the fastest growing yews. 3-4 ft., \$10.00.

HICK'S. Upright grower with coarser needles than the English. Red berries in the late fall. The best of all yews. 3-4 ft., \$10.00.

SPREADING. Rather low growing and spreading in nature. Dark green foliage. Much slower growth than the spreading Junipers. 12-15 in. \$3.45; 18-24 in. \$6.00.

(Note — While we are only listing three varieties of yew, we are now growing seven. Come out and we will be glad to show you the merits of each variety and how it might fit into your landscape picture.)

BEAUTIFUL EVERGREEN SHRUBS

WILL BRIGHTEN YOUR WINTER GARDEN

Broad-leaved evergreen shrubs provide some very choice plant material with the advantage of beautiful, decorative foliage all the year round, plus colorful blooms and berries in season. By choosing varieties carefully, it is possible to have some plant at an interesting stage at all seasons.

AZALEA MOLLIS (The hardy azalea). The only azalea hardy in the Inland Empire. Very colorful, large flowers of bright orange to flame. Prefers an acid soil and some shade, however you can use them in ordinary soil and full sun with the same results. All sizes are budded and will bloom the first year. 9-12 in., \$1.50; 12-15 in., \$2.75; 18-24 in., \$6.00.

BOXWOOD

Sempervirens. Fast growing boxwood. Bright glossy leaves. Used for hedges and as individuals. 9-12 in., \$1.50;

Truedwarf. Same foliage as above. Slow growing and used primarily for dwarf hedges. 6-8 in., 95c.

COTONEASTER.

Horizontalis. Low, spreading evergreen. Tiny round green leaves that turn red in the fall. Red berries. 15-18 in., \$3.50.

Apiculata. (Cranberry cotoneaster). Far superior to the other low spreading growers. The berries, size of cranberries, are gorgeous, brilliant glossy red and plenty of them. Our grafted plants will produce berries the first year planted. 15-18 in., \$4.00.

DAPHNE

Cneorum (Rock Daphne). Low spreading growth with very fragrant pink flowers in spring. 4-6 in., \$1.25; 9-12 in., \$2.25; 12-15 in., \$3.00; 15-18 in., \$4.00.

Somerset. Similar to Cneorum but more erect upright growth. Bears deliciously fragrant flowers, pink opening white and becoming rose-pink before they drop. Spring blooming. 12-15 in., \$4.25.

Mezereum (Lilac Daphne). Interesting, lilac-purple flowers along the graceful slender branches in early spring, followed by green foliage with red berries. 9-12 in., \$2.50; 12-15 in. bushy, \$4.00.

HEATHER

Mediterranean Hybrids. Dwarf growing, very compact. We have two colors, red and pink. 6-9 in., \$1.25; 9-12 in., \$2.00.

PYRACANTHA (Firethorn). With all evergreens plantings on the newer type homes now including some broad-leaved evergreens, firethorns have become very widely used. Orange berries produced on very young plants together with the glossy green foliage, make it very interesting for winter effect. 2-3 ft., \$4.50; 3-4 ft., \$6.00.

EUONYMUS. (Evergreen Bittersweet)

Radicans Vegetus. This is perhaps the most versatile of all the evergreen shrubs or vines. It has literally hundreds of uses. Thrives in both sun or shade, poor or rich soil. Use it as a vine, shrub or ground cover. Thick glossy leaves with bright orange red berries which remain on the plant the greater part of the winter, 9-12 in., \$1.75; 15-18 in. bushy plants, \$3.50.

NEW!!

NEW!!

NEW CORLISS EUONYMUS

Here is something new! . . . the broadleaf, evergreen beauty of Euonymus vegetus foliage especially developed into four shrub forms.

Emerald Pride. Pat. 1073. Ovoid form. Ultimate height about 4 feet with 3 foot spread.

Emerald Charm. Pat. 1079. Upright narrow form. Ultimate height about 5 feet with 18 inch spread.

Emerald Cushion. Pat. 1112. Dwarf short growing, never over 18 inches.

Emerald Leader. Pat. 881. Distinct bushy erect habit of 4 to 5 ft. height and 2 to 2½ ft. spread. Price on Corliss Euonymus, 15-18", \$3.95 each.

MAHONIA. (Oregon Hollygrape). Thick glossy leaves that resemble holly, but are much larger and far more attractive. Yellow blossoms in the spring followed by blue berries. 12-15 in. bushy, \$2.50; 18-24 in. bushy, \$5.00.

MAGNOLIA

Soulangeana. Large, purplish-pink blooms that appear prior to foliage in the spring. Used primarily as specimen shrubs. 2-3 ft., \$8.00; 3-4 ft., \$12.00.

VIBURNUM

Burkwoodi. Excellent waxy green foliage. The glory of this shrub is the waxy fragrant flowers — one bloom will give fragrance to your entire home. Very choice. 18-24 in., \$4.75.

Carlesi. Somewhat similar to the above and preferred by many. Both varieties are very hardy. The leaves on Carlesi are greyer and larger but do not color up as well in the fall. 18-24 in., \$6.00.

Carlcephalum. Introduced by Wayside Gardens and they say it is the finest flowering shrub in a decade. A most profuse blooming shrub with large cymose clusters of blossoms which are often times 6 inches across. Very fragrant. A wealth of foliage that colors up brilliantly in the autumn. Why not make your foundation planting different from every other house in the block by starting with this plant. Pat. 776. 15-18 inches, \$7.00 each.

MAGIC LILY

HARDY AMARYLLIS (*Lycoris Squamigera*). This develops in a magical fashion that you will find most unusual. In the spring it has attractive green leaves which during July die down and disappear. Then four or five weeks later the flower stalks develop bringing charming clusters of large, lily-like blooms of soft lilac-pink that are long-lasting and fine for cutting. It is well to mark your plants with a stake so that after the leaves are gone you will not hoe up the bulbs. Plant the bulbs about 4 inches deep and mulch in the fall.

TREE PEONIES

One of the choicest plants available for the garden and much sought after. Tree Peonies are very hardy and do well under the simplest treatment. They flourish in the most astonishing manner, bearing blossoms from 6 to 8 inches across, which increase every year in beauty and size. A grand addition to the garden, as they do not die down to the ground like the herbaceous sorts, but make fine bushes 3 to 4 feet in height covered every spring with elegant flowers. We have them in 2 yr. old field grown grafts that generally bloom the second year.

THORNLESS BERRIES

THORNLESS BOYSENBERRY. An immense berry on vigorous thornless bushes. Bearing young for a period of two months during the summer, Boysenberry is a heavy producer.

THORNLESS YOUNGBERRY. The fruit is very large and juicy. The color is nearly black. Very few seeds and the vines are very hardy.

Prices on all Thornless berries: 2 yr. No. 1 Transplants,
65c each; \$6.00 per dozen

RASPBERRIES

CUMBERLAND (Black Cap). Berries blackish in color. Large firm and most excellent flavor. Very popular.

DURHAM, New revolutionary red raspberry. Bears mid-August until frost. Cut all canes back to ground each fall; crop comes on new growth each year. Eliminates any winter-killing.

NEW WASHINGTON. New. The finest red raspberry. Its berries are large and firm. Good yielder. The best one-crop for the small yard garden.

INDIAN SUMMER. Large medium red berries that keep coming all summer. For enough fruit for the entire family, plant twice as many of this variety as New Washington. Being everbearing, it does not yield as heavy at one time as a one crop raspberry

Prices on Raspberries: Transplants, 35c each; \$3.50 per dozen

ASPARAGUS

PARADISE. A new variety that is superior to the Mary Washington. Widely heralded as an unusually heavy producer. Most satisfactory for the small yard.

3 yr. roots, 10 for \$1.00; 25 for \$2.00;
\$6.50 per 100

STRAWBERRIES

ROCKHILL No. 26. This is a runnerless variety, seldom making runners. Producing a full crop of large red berries with a delicious flavor the same year as planted. It has become one of the most popular strawberries. It makes large crowns and being practically runnerless, is propagated by divisions. Everbearing. No. 1 plants, \$1.50 per dozen; 50 for \$5.50; \$10.00 per 100.

STREAMLINER. Leading growers declare that this is the best everbearing strawberry grown. Most highly desirable for canning and quick freezing. Very prolific bearer the whole season through. \$1.00 per dozen; 50 for \$3.50; \$5.00 per 100.

GRAPES

BLACK. Concord, Fredonia, Worden.

RED. Caco, Agawam.

WHITE. Portland.

GOLDEN. Golden Muscat.

SEEDLESS CONCORD. New seedless variety of the familiar Concord. Same size, same flavor only without the seed. \$1.25 each.

CURRENTS

CHERRY. The largest of all red currants. The berries are often to one-half inch in diameter in short bunches. 3 yr. select, \$1.00

GOOSEBERRIES

OREGON CHAMPION. Very free from mildew. Medium size berries of good flavor. Early ripening. 3 yr. No. 1 select, \$1.00 each

RHUBARB

VALENTINE. Newest of the red varieties. Developed in Canada and very hardy. Its large stalks are extremely dark red in color. Flesh is very tender and has a fine flavor. Produces a bright red sauce. Excellent for pies! Large divisions. \$1.00 ea.

BLACKBERRIES

NEW!!!

NEW!!!

MIDNITE. This is the new "Midnite" Blackberry that everyone is talking about. We are listing this variety because of its fine fruiting performance and its strong thrifty cane characteristics in comparison to other blackberry varieties. This is an upright type producing an abundance of fine large fruits of excellent quality. To date it is free from sterility. Large transplants. No. 1, 75c each; 3 for \$2.00.
